In-depth Hands-on Extras

**Friday Morning Pre-Gathering Art  
Workshop**  
**9:00 am to 12:00 noon**  
**Faux Batik Celebratory Swags with  
Amy Broady**

Join teaching artist Amy Broady for a pre-conference, hands-on creative workshop to make a series of colorful mixed media banners that can be hung in a decorative swag like pennants at a party. The spirit and beauty of the labyrinth in various forms will be celebrated with a fun process that resembles batik but does not require molten wax.

Create a series of five labyrinth-themed mini banners in three sizes that can be hung in a swag (small, medium, large, medium, small). Enjoy individually or group together as decor near a labyrinth, or in a meditative/creative space.

**Art supplies will be provided. Attendance limited, register early.**

**Friday Afternoon Pre-Gathering  
Workshop, 12:30 to 3:30 pm**

**A Walk on the Wild Side: Edible  
and Medicinal Plants**

**Separate \$55 Pre-Registration  
Required **Limited to 15**  
**participants****

Saunter in the fields and woods to discover and identify edible and medicinal plants growing wild in Arkansas. Cover concepts of conservation, history and spirit of wild plants while walking on the wild side. Dress for outdoor trails and woods. Make a basic take-home wild salve.

**Sunday Afternoon Post-Gathering Printmaking Workshop 1:00 to 4:00 pm**

**Beginner and Intermediate Labyrinth Printmaking with Perrion Hurd**

**Separate \$55 Pre-Registration Required. Limited to 20 Participants**

- Artist Perrion Hurd will demonstrate a simple printmaking technique for a fun, easy-to-do “make and take” program. Through guided instruction and practical exercises, attendees will explore tools, materials, and composition strategies to create their own unique labyrinth prints. This workshop offers a supportive environment to experiment, refine your technique, and develop a deeper appreciation for the printmaking process.

## Sunday Afternoon Post-Gathering Workshop 1:00 to 4:00 pm

### Genesis Point Vibrational Radiesthesia: How to Prepare Labyrinth Energetic Eco-fields with Laura Esculcas and Calen Rayne

**Separate \$55 Pre-Registration Required**

- Delight in an expanded three-hour long session with our keynote presenters exploring the relationship between labyrinths and field energetics to transform your labyrinth practice. The primary focus of this workshop is to introduce three practical methods that engage field energetics to catalyze the labyrinth experience. Using a method known as “genesis point vibrational radiesthesia,” we will connect and stabilize the labyrinth’s energetic field. We will demonstrate how to locate energetic “sweet spots” on the labyrinth and energetically set the intention of a labyrinth walk.

# 2025 Post-Gathering Monday All-Day Bus Tour

MONDAY 9:00 AM – 5:00 PM

**Separate \$125 registration required, includes lunch**

- The all-day area labyrinth tour is an annual Gathering highlight. The tour will feature unique Conway and Little Rock area labyrinths and include a box lunch.
- Participants will visit a variety of labyrinth designs and settings ending with a drop-off at the Little Rock airport before returning to The Vines Center.
- This is always a well-attended post-gathering activity and is a great way to end our time together.

## Special Speakers

*Calen Rayne and Laura Esculcas*

### **“Patterns of Heaven and Earth”**

The theme “Patterns of Heaven and Earth” goes straight to the core of Calen’s work, based on his tradition, known as The Nameless Religion of the Himalayas. Sub components are “patterns of heaven and earth “ and “sacred conventions.” This is an apt name to express the essence of what he does working with the primordial grid and the labyrinth, which I believe will be the core of his keynote.

The labyrinth is an archetypal pattern for transformation, a portal into relationship with these patterns of heaven and earth. Laura will focus on what the labyrinth teaches us about the Patterns of Heaven and Earth, and our role as a bridge between the two.
